- **Avoid Risk.** Your payments will never cease or fluctuate once your gift annuity is established.
- **Provide Security for Loved Ones.** Your gift may provide financial payments to a spouse, parent, or other loved one.
- **Maximize your payment.** You can delay the start of your payments to enjoy a higher rate.

Calculate your payments

Your annual payment rate is based on your age at the time you establish your charitable gift annuity. The older you are, the higher the rate. Sample rates based on a $25,000 donation:

<tr>
<th>Your age</th>
<th>78</th>
<th>84</th>

<tbody>
<tr>

<td>6.0%</td>
<td>7.4%</td>
<td>8.2%</td>
</tr>
<tr>
<td>Your annual payment</td>
<td>$1,500</td>
<td>$1,850</td>
<td>$2,050</td>

*As of July 1, 2020, based on a gift of $25,000 and one beneficiary

Rates increase when you defer your payments to a later date.

Payments for life: Your gift annuity questions answered

Q. How often do I receive payments?
   You decide. Payments can be made quarterly, semiannually, or annually. And they can be directly deposited, just like your Social Security check.

Q. Is there a minimum amount and age required to receive payments?
   Yes. You must be 65 or older when payments begin. Younger donors may defer payments to a later date, usually upon entering retirement. The minimum donation is $10,000.

Q. Can my gift annuity provide payments for someone besides me?
   Yes. Gift annuities may provide payments for up to two people—such as you and a spouse, or two parents.

Q. May I designate my gift to a specific Audubon program?
   Absolutely. You may specify that your gift be left unrestricted to Audubon or dedicated to your favorite Audubon state office, nature center, or program.

Q. What should I do next?
   Contact us. We’ll be happy to provide you with calculations that show your payment rate and tax savings based on your unique situation.

“The regular payments are great but what makes me even happier is knowing that even when I’m gone, my gift will help Audubon protect the birds I love.”
